Attached is a list of people invited to attend this meeting.

Opening and welcome:

The chairman opened the meeting and thanked the members for attending and advised those present that RK would be fulfilling the role of secretariat for Project 24 and that the meeting would be recorded. Members present were asked to sign the attendance register. The absence of the SACAA AS subcommittee members was noted by the members present and that they would be invited to all future meetings

Previous minutes:

Minutes of previous meeting were sent out to members of previous meeting. JP had an objection to the wording in the minutes in respect of paragraph (1) and were accepted with changes made to reflect that it was unanimously agreed that 94.04.1(3) and (4) would be deleted with a proviso that the sites be put into the AIPs.

Matters arising:

Part 94: Operation of NTCA

It was decided to go through Part 94 and remove anything that relates to flight training or commercial operations and put it into Part 96.

94.01.2(2)

Decision was made to review this paragraph to simplify the process to obtain prior approval/permission to allow foreign NTCA into South Africa.

94.01.3(3)

This paragraph needs to be reviewed with the suggestion to remove (b) after deliberation of subpart 2. This paragraph needs to be redrafted.

94.02

Discussion was held as to whether this is the correct place in the regulations for this subpart.

94.03(1)

Decision was taken that NTCA used for private use do not require an operations manual but will require a Pilot Operations Handbook/Flight Manual.

94.03(2)

Logbook requirements for subpart (1) should refer to Part 44 in a similar manner as subpart (3).

Items referring to commercial operations of NTCA should be removed from Part 94 and put into Part 96.

Further discussion of Part 94 was discontinued. Suggestion was to look at Part 91 and see what does not apply to the operation of NTCA and put the exemptions in Part 94.

Next meeting to start from Subpart 4.

Meeting closed at 12h00.
