- a) Completed thirty five high flights of minimum duration 60 seconds each
- b) A minimum of 4 hrs airtime
- c) Flown at least at two flying sites
- d) Winch trained pilots must do a minimum of 5 mountain flights over a minimum of two days.
- e) The flights must be over 50 meters in height above ground level.
- f) Completed all the practical tasks as per SA-CATS-FCL 62.08.5.1

(1) (ii) An applicant for the Basic PPG licence must have:

- (a) Completed PG basic license -
- (b) Completed thirty five high flights of minimum duration 60 seconds each
- (c) Completed ten PPG flights of 60 seconds each
- (d) Completed all the practical tasks as per SA-CATS-FCL

62.08.5.1

- (e) A minimum of 4 hrs airtime on PPG

(1) (iii) An applicant for the accelerated Basic PPG licence must have:

- (a) Completed PG basic license theoretical requirements and PPG theoretical requirements
- (b) Completed thirty five high flights of minimum duration 60 seconds each
- (c) 15 of these must be PG flights of 60 seconds each
- (d) 20 of these must be PPG flights of 60 seconds each
- (e) 15 of the PPG flights must be from ground level
- (f) Completed all the practical tasks as per SA-CATS-FCL

62.08.5.1

- (g) A minimum of 4 hrs airtime on PPG
- (h) A minimum of 1 out landing 10 km away from takeoff with re-launch and return to takeoff
- (i) 1 x 30 km cross country flight (via at least one turn point) with the student doing all radio work, navigation, emergency landing option planning etc

(1) (iv) An applicant for the Basic PPC licence must have:

- (a) Completed PG basic PPC license requirements and theoretical tests
- (b) Completed three hours of dual training
- (c) Completed 7 hours of solo flight.

(d) Completed all the practical tasks as per SA-CATS-FCL

62.08.5.1

2 An applicant for the Sport licence must have:

- a) Held the Basic licence for a minimum of six months
- b) Completed 125 high flights
- c) A minimum of 20 hrs airtime
- d) Flown at least at 6 different flying sites, one of which must have been coastal (maximum of 20 km from the sea), three inland sites and one inland site with take off being over 5000ft asl.
- e) Hold a certificate of completion of a SAHPA recognized Safety course completed within the 12 months preceding the application or document competency in completing the skills documented as per **APPENDIX R62.26**. Completed all the practical tasks as per the SA-CATS-FCL62.08.5.2

(2) (ii) An applicant for the Sport PPG licence must have:

- a) Held the Basic licence for a minimum of six months
- b) Completed 100 flights
- c) A minimum of 50 hrs airtime
- d) Five safe, smooth power-on landings within 2 meters of a target and into the wind.
- e) Five safe, smooth power-off landings within 5 meters of a target and into the wind.
- f) All landings are safe, smooth, on the feet, in the desired touchdown area and in control
- g) Completed all the practical tasks as per the SA-CATS-FCL62.08.5.2
- h) Completed training in and understands right of way rules, CAA regulations, sectional charts, airspeed control,
- i) Obtained training and understands Collapses, stalls, spins and turbulence-induced collapses and is familiar with the canopy owner's manual.
- j) Show good attitude to airmanship

3) (i) An Applicant for the Tandem rating must have:

- a. Achieved a paragliding Basic licence a minimum of 2 years prior.
- b. Hold a Sport rating for a period of at least 12 months.
- c. Completed a minimum of 300 high flights
- d. A minimum of 150hrs airtime.
- e. No incidents in the prior six months displaying negligence or incompetence.
- f. Completed all the practical tasks as per the SA-CATS-FCL62.08.5.3
- g. Shows good attitude to airmanship

- (3) (ii) An Applicant for the Tandem PPG rating must have:
 - (a) Completed 150 PPG flights following his initial licensing.
 - (b) Complete 10 flights with tandem rated PPG instructor
 - (c) Completed a minimum of 300 high flights
 - (d) A minimum of 150hrs of airtime.
 - (e) No incidents in the prior six months displaying negligence or incompetence.
 - (f) Completed all the practical tasks as per the SA-CATS-FCL62.08.5.3
 - (g) Show good attitude to airmanship

- (3) (iii) An Applicant for the Tandem PPC rating must have:
 - (a) Completed 30 hours of PPC flights following his initial licensing as pilot in command.
 - (b) Completed 70 flights.
 - (c) No incidents in the prior six months displaying negligence or incompetence.
 - (d) Completed all the practical tasks as per the SA-CATS-FCL62.08.5.3
 - (e) Show good attitude to airmanship
